

Meeting Minutes

Date: November 5, 2008
Time: 10:00A.M. – 11:00 A.M.

Meeting Summary: This meeting was held to discuss options moving forward with SMR/DMR data flow. No decisions were made pertaining to which solution is supported by the group. Further meetings and research is needed to come to a decision. State Board will work on white paper describing the SMR/DMR compliance pathways for our next meeting.

The following items were discussed:

1. SMR/DMR compliance pathways (PDF)
 - ✓ Clarification on diagram
 - ✓ Corrections to diagram, revised diagram attached
2. Different submittal options to meet State and Federal requirements:
 - a. Dual data submittals to eSMR and NetDMR
 - b. eSMR^{2.5} (eDMR) data flow to CDX (Central Data Exchange)
 - c. Middleware solution feeds eSMR² and NetDMR (Federal version)
 - d. Middleware solution feeds eSMR² and NetDMR (State hosted)
 - e. Middleware solution feeds eSMR^{2.5} (eDMR) data flow to CDX
3. Goal for eSMR^{2.5} Effort
 - ✓ Enter and submit data into 1 system. System then feeds State and Federal requirements.
4. Middleware Option
 - ✓ Bring in vendor to discuss/demo middleware solution

Notes:

- a. NetDMR requires that the discharger login and answer security questions. A compliance check is performed before submittal.
- b. eDMR allows the State to send the DMR data to CDX. Compliance check is not performed.

Action Items:

Item #	Who	Task	Status/ Notes
1	Darrin	Update SMR/DMR compliance pathways (PDF) version 3	Completed
2	Rassam	White paper describing the SMR/DMR compliance pathways	Send out by 11/19.
3	Darrin	Vendor to demo middleware solution	Get dates from vendor.
